A family spat over France's role in NATO was due for an airing in a private talk of Eisenhower and President Charles de Caulle. Eisenhower was reported deter-mined that De Gaulle's precedin-

Responsible authorities said Elsenhower was ready to tell De Gaulle frankly that the United States insists on an integrated command of military forces of the 5 - nation alliance, despite

France's go-il-alone policy. Eisenhower and his associates-De Gaulle British Prime Minister Harold Macmillan and West German Chancellor Konrad Adenauer -were agreed in advance on basic principles for their approach to summit dealings with the Soviets, These covered Berlin, Germany and disarmament.

On Berlin, the United States has raised the question whether the Allies should be ready, if pushed sions; Britain is known to favor i slopgap deal bending a finall Jerman settlement.

The military integration idea related issue.

The American President was expected to urge his French colleague to submerge his ideas of iational French elery and work for the common interests of the Western Albance. De Gaulle has showed no signs of being ready to buy that argument.

In addition to discussing the agenda for the East-West summit talks, the Western Big Four were to chose a date and place to be ecommended to Khrushchev, Usually reliable informants said the will be in the last 10 days of April. The meeting almost certainly will be held in Geneva.

## West Big Four Assemble For **Policy Talks**

By ARTHUR GAVSHON

PARIS (AP)-New Allied die licuttles on Berlin were reporteld developing today at the Western Bug Four assembled for policy

Sources emphasized that the diferences have not yet grystallized especially since the American porition has not been worked out: Allied leaders count on at least

everal months grace to work out r policy on the divided city before reeting Soviet Premier Nikifa Khrushchev at the summit somemue next year. The United States has raised

he question — without taking a pecific stand—whether line Allies should be ready, it pushed by Khrushuhev, to negotiate a new status for Berlin.

In any case the Americans hold that existing Western rights in West Berlin, surrounded by Commoist East German territory, nust remain intact. Britain is known to favor

stopgap deal for Berlin pending a fmal German peace settlement France, with fervont West Gorman backing is resisting any temporary deal. The French argue that any change would jeopardize the Allied rights in Berlin, The Prench contend that if Khrushchev really wants a political ac-comodation with the West he willmake no trouble over Berlin.

## Clues Slim in Fatal Touhy Shooting

CHICAGO (AP) - Slim clues, nany theories and an apparent dead end marked the early police investigation for motives in the shotgun slaying of Roger Toulty, probibition era gang chief.

As police intensified their search today for the killers of the fityear-old ex-convict Wednesday, night, there appeared many motives that might have prompted the assassination. There were not many claes.

Touby was shot down by two men with 12 gauge shotgans only 23 days after he finished serving more than 25 years in Stateville rison für kidnosina.

He was assessmated from ambush, in typical gangland fashion, as he and a companion, a retired policemen, mounted the steps of Touhy's home on the West Side. The ex-policeman, Wanter Miller, 62, was seriously wounded but before he collapsed he fired at the

fleeing gunmen. He was in criticat condition in a hospital. Some invertigators theorized that the remnants of the old Al Copone gang may be responsible for Touhy's murder. They were certain he became a larget for

crime syndicate vengeance. Veteran policemen, who recalled the days when the rival Touny and Capone mobs engaged in open Lt. Gov. Nathan Gordon said gaing war, said the killers waited yesterday that he would be a more than 25 years to preve that the crame syndicate never forgives an chemy. "Founy definitely could have

For inexpensive giving, a first-aid kit that will float in its small plastic box: \$1.50; a stainess steel rigging knife: \$5; a dip-on pocket sized emergency float that will intlate just by being squeezed: \$3.

In between in price are a great variety of gadgets that can make living afloat more fun. Does your boatman have a

good swimming ladder, or need new nylon mooring lines? How about a portable refrigerator that can be powered by the boat's in-board or outboard engine batteries? For cooking aboard, stainless steel pots, pans, and even a beer opener and ice pick are available.

A family may wish to forego small items and save for a new suit of sails or engine as a Christmas gift. Often a dealer can supply a small model to go under a tree as substitute for the real article waiting for spring de-
